BUDGET DESCRIPTION

The IB Diploma Programme (DP) is designed for students who desire the most rigorous, advanced, and challenging program of study. Traditional academic subjects are part of the program, but it also emphasizes the interrelatedness of knowledge and skills through a transdisciplinary programme of inquiry. The IB DP subject areas are first language, second language, social studies, mathematics, science and fine arts. Students are required to develop a proficiency in a second language during the program. High school students are assessed internally by IB trained teachers at the local authorized IB schools and externally by IB examiners worldwide to receive the IB Diploma. This budget supports the Strategic Plans Goals Areas and Performance Objectives Goal Area I: Student Access Equity and Access.

BUDGET UNIT MANAGER'S NAME

Cedric A. Burse

BUDGET DESCRIPTION

This budget addresses two major concerns: Right-sizing the number of mechanics to decrease the ratio of buses to mechanics, and right-sizing the overall fleet budget to effectively meet the District's massive transportation requirements. This budget address only one of two of the major challenges facing Fleet as it struggle to maintain an aging fleet of vehicles. In the past 4-years, fleet has required major budget adjustments to meet operational commitments. Ex. 2015-\$600,000; 2016 - \$1.2 mil; 2017 - \$700,000; 2018 - \$675,000 adjustments. This is a clear and present picture that Fleet has been underfunded relative to District transportation expectations/requirements, and maintenance and repair requirements. As the District continues to purchase and replace older buses, the budget can be reduced; however, if the district fails to follow a necessary prescribed fleet acquisition process, all gains will slowly digress to a cynical and vain attempt to operate efficiently and effectively. In the last two years, after being decimated by hyper critical budget cuts, Fleet is again being asked to cut its budget 5% at a time when it is not justified. Additionally, the bus inventory is: 1200 we have 37 mechanics, an absenteeism rate of 14%, our facility does

This budget is required to pay all workers' compensation claims that arise during the fiscal year. The district is obligated by law to pay for all compensable work injuries that occur on the job. This budget supports the strategic plan in that it supports our teachers and staff members when they sustain an on the job injury. The claims office provides medical treatment and benefits to help injured workers return to health and back to work so our students and stakeholders have the support they need to be successful.

BUDGET DESCRIPTION

The Health Related Services budget supports school based clinics in all of DeKalb County Schools. School Nurses including LPN's and RNs provide medication management for students, monitor health action plans, report the outbreak of infectious diseases to district personnel, and deal with day to day accidents and illnesses. The School Based Health Program is aligned with the district's initiative to ensure that all schools have nurses in each building. Providing school based health services supports the District's Strategic Plan by ensuring that students are healthy, are able to attend school on a regular basis and complete academic tasks. The program also supports Goal Area III: Staff Efficacy and Excellence by developing a process to hire and retain highly qualified staff.

BUDGET DESCRIPTION

The School Counseling budget provides for resources and activities that will provide counselors with the necessary tools to ensure the success and stability of their students. Today's school counselor focuses on instilling resiliency, coping skills and actualizing the student's potential for growth. This shift in thinking and practice requires embracing a new vision of school counseling with a strong emphasis on leadership, advocacy and providing wrap around services for all students. The Counseling budget is aligned with the District's Goal Area I: Student Success with Equity and Access by providing access to academic courses and programs and assisting with increasing the graduation rate for all students. This budget also will help meet the District goal of providing a safe, orderly, and positive school environment for students and staff.

BUDGET DESCRIPTION

The DeKalb County School System is responsible for taking certain legal deductions from employees' payroll checks. These deductions include bankruptcy, child support, alimony, garnishments, student loans, and state/federal levies. When not restricted by law, the DCSS collects \$3 or \$5 processing fee for each legal deduction for each payroll check affected. These actions produce an estimated annual revenue of approximately \$45,000.
