BUDGET DESCRIPTION

The Department of Research, Assessment, and Grants consists of three departments that were merged during the conversion in the budget cycle from FY13-FY14. The department insures compliance with state Federal guidelines for state-mandated testing and district identified formative and summative assessments. Research, Assessment, and Grants also supports schools, centers, and departments by analyzing data, evaluating programs and data collection for instructional improvement and planning initiatives including CCRPI and state assessments. The department initiates and maintains information regarding accreditation and measures to monitor district progress through state and federal assigned scoring mechanisms. This budget aligns with the District strategic plan in that it directly supports evaluative and measurement of strategic plan progress in monitoring in accordance with Board of Education Policy.

BUDGET DESCRIPTION

Goal Area 1 Student Success is supported through the wide variety of student programming offered by the Instructional Specialists at the Center. FSC programs are available for all of the schools throughout the district. The programs are standards based and meant to engage and excite the students through the use of hands-on and minds-on activities. This rigorous programming helps to improve student mastery of the standards. Additionally, the professional development component of the Center's programming helps to support Goal Area 3 Staff Efficacy and Excellence. Lastly, the weekend and evening programs facilitated by the Center help to engage the community in the educational process for the students that attend the programs.

BUDGET DESCRIPTION

The IB Diploma Programme (DP) is designed for students who desire the most rigorous, advanced, and challenging program of study. Traditional academic subjects are part of the program, but it also emphasizes the interrelatedness of knowledge and skills through a transdisciplinary programme of inquiry. The IB DP subject areas are first language, second language, social studies, mathematics, science and fine arts. Students are required to develop a proficiency in a second language during the program. High school students are assessed internally by IB trained teachers at the local authorized IB schools and externally by IB examiners worldwide to receive the IB Diploma. This budget supports the Strategic Plans Goals Areas and Performance Objectives Goal Area I: Student Access Equity and Access.

DESC System-wide portable classrooms units. The budget increase is needed due to State Fire Marshal Code change effective January 1, 2020. All portable classrooms needs to be furnished with fire sprinklers and risers. This will also affect new fire mains and fire alarm systems to be installed and major need to replace old units.

BUDGET DESCRIPTION

This budget is required to pay all current workers' compensation claims and those filed during the fiscal year. The District is obligated to pay for all compensable work injuries that occur on the job pursuant to Georgia law. This budget supports the strategic plan culture and climate goal in that it supports teachers and staff members when they sustain an on the job injury. The claims office of the risk management department provides medical treatment and benefits to help injured workers return to health and back to work so our students and stakeholders have the support they need to be successful.

BUDGET DESCRIPTION

These are the funds for the general liability program. This budget pays property and bodily injury claims that arise from motor vehicles owned by the District that are involved in accidents. The line item for supplies supports the general liability and workers' compensation staff and the computer staff as well as the computer claims system that is leased in addition to the necessary supplies required to issue checks and maintain the department. This budget supports the strategic plan culture and climate goal by providing funds necessary to resolve the District's liability claims.

BUDGET DESCRIPTION

FLEX Academy is the district's virtual learning academy. Our mission is to provide flexible options that meet diverse learning needs as well as promote excellence, success, and innovation. FLEX Academy offers flexible, teacher-led and non-teacher led online courses and units both during the school day and after hours. This enables students to expand their learning day and gain credits that lead to graduation as well as college and career readiness. The operational budget for FLEX Academy will ensure the program is supporting Strategic Plan Goal 1 which address Student Success and with Equity and Access.

DIVISION Student Support & Intervention

BUDGET UNIT MANAGER'S NAME

Dr. Deborah Moore-Sanders/Dr. Shannon Crosslin

BUDGET DESCRIPTION

This Budget is used to support House Bill 91 graduates. The HB 91 law retroactively eliminated the Georgia High School Graduation Test as a requirement for students who took the test between 1994 (when the test was established) and the present. State Board Rule in 2011 eliminated the test as a requirement for graduation, but that elimination did not extend to students who had already taken the test.

BUDGET DESCRIPTION

The Health Related Services budget supports school based clinics in all of DeKalb County Schools. School Nurses including LPN's and RNs provide medication management for students, monitor health action plans, report the outbreak of infectious diseases to district personnel, and deal with day to day accidents and illnesses. The School Based Health Program is aligned with the district's initiative to ensure that all schools have nurses in each building. Providing school based health services supports the District's Strategic Plan by ensuring that students are healthy, are able to attend school on a regular basis and complete academic tasks. The program also supports Goal Area III: Staff Efficacy and Excellence by developing a process to hire and retain highly qualified staff.
